Hi Bill,

Thank you - David did a great job. We had many compliments about him. The dance floor was crowded all night, and he was flexible throughout the night with our special requests.

We never checked, but we hope David grabbed dinner. We know we had mentioned it to you when we met, but things were busy and we forgot to mention it the night of. If not, please let him know we are sorry we never mentioned it directly to him.

Thanks for everything - we really had a great evening!

Krista & Clay
