I cannot thank you enough for the wonderful service your company provided me and my new wife Rachel. Everything was handled promptly and professionally. David is a true professional and a fantastic DJ. We had numerous guests approach us during and after the reception telling us what a fantastic job David did. Our expectations were far exceeded!

We could not be more happy with how our reception went. You hit it right on the head when you told us David was your best DJ. He truly is a talented DJ and a even better person. I will be recommending your company and David to all our friends and family who are in the market for a DJ. Thank you again being apart of our big day!

Sincerely,

Andrew and Rachel Leatherman

P.S. Please thank David again for the wonderful job he did at our reception!
