Hey Bill -

Hope all is well!

Amy and I just returned from our honeymoon and I've been looking forward to writing a positive review and sending a big thank you.

Quite simply, David was AWESOME. People didn't stop dancing the entire night and the music was epic. Friends and family are still complimenting the wedding, music, dancing, and overall success. We had high expectations and they were exceeded.

David helped maintain the entire flow of the wedding from the ceremony to the end of the reception. He's extremely personable and funny too. I'm very confident the wedding wouldn't have been the same without him. He stopped over at our table periodically to talk and make sure things were running smoothly which helped us enjoy the night without having to worry about a single thing. That was huge for us.

I'll be sure to recommend you guys to all our friends (we're the first among most of our friends!)

Let me know if you have any specific questions as i'd be happy to help out.

Thanks again for the help making our wedding kick ass!
