Bill,

I wanted to take a second to thank you for helping me add a surprise photo booth for my new sister in law at her wedding last month . I know it was short notice to add a photo booth but you made it happen . It was set up exactly where you said it would be and was a great surprise for both the bride and the guests . Thank you for your professionalism and efficiency in making this happen. I do have co workers that are from the Milwaukee area and I will be sure to recommend your services to them as I know my brother and new sister in law will as well !

Thank you again for making a beautiful evening even more special.

Jen Cittadino
